# The One Medicine Old People Need

Mr. Josiah Zeitlin, 101 years  
old July, 1906, lives with his  
daughter, Mrs. Isaac Krinsky,  
Brooklyn.

Mr. Zeitlin was a prominent  
business man in his native  
land, Poland, many years. In  
1882 he retired and came to  
this country.

He says that Duffy's Pure  
Malt Whiskey has prolonged  
his life, and is the medicine  
to restore health and vigor in  
old people.

He writes:

"Although I was 101 years old on July  
2d last, I still feel that I am good for several  
years. I was born in Lodz, in Poland, and  
after a lengthy business life in the old land  
came to this country in 1882 to reside with  
my daughter. I have used Duffy's  
Pure Malt Whiskey for many years and  
find it very beneficial. It invigorates  
and gives me strength. I feel that it has  
helped me to live the 101 years. It seems  
to be the very medicine old people need to  
restore their failing health and strength."  
—Josiah Zeitlin, 116 Lexington Avenue,  
Brooklyn, N. Y.—August 10, 1906.

Mr. Zeitlin is one of the many thousands  
of men and women throughout the United  
States who owe their vigor, strength and  
long life to the great Tonic Stimulant and  
Renewer of Youth, Duffy's Pure Malt  
Whiskey, and join in extolling its merits.

stimulant. It is a renewer of youth. It is a medicine for old people. It is a food for the young. It is a tonic for the weak.

We hope for a pressure by awaken-  
ing public opinion upon our city council  
to pass an ordinance punishing those  
who torture horses by the short and  
harsh reins. Other cities impose a  
fine for letting a horse stand tied for  
hours while the over coach cruelly  
holds the head and neck unnaturally  
and painfully high. This question  
calls for a remedy.

Our town long to take rank as a  
reliable educational center for we  
recount in many of our business  
men of today Albuquerque school  
boys of a few years ago. The homes

City passed through the city yester-

tend a meeting of the New Mexico  
penitentiary board, of which he is a

member. Judge Newcomb says that  
the labor problem is a source of great  
annoyance at Silver City just now.  
There is a great dearth of miners,

kinds of journeymen are so scarce  
that building operations and other  
classes of business are retarded in  
their progress.

and many Albuquerque people will  
remember him as a very kindly old  
gentleman.

Alderman John S. Deven was  
around this morning with a lot of  
fishing lures thermometry calendars  
which he was distributing among his  
friends. The calendars are for part of  
country and at the top of it is a picture

## STOCK SHIPMENTS FOR NOVEMBER

Report of Secretary Barnes  
Shows Them to Have  
Been Very Light.

CATTLE ARE OFF 2,000

Inspector Gatlin Succeeds Tucker  
in the Socorro  
District.

The report of Secretary William C.  
Barnes of the territorial cattle sanita-  
ry board, for the month of Novem-  
ber, which will be submitted at the  
meeting of that body in this city  
Thursday, shows that the total ship-  
ments of cattle were 27,556, as against  
29,567 in October; the inspections of  
horses were 1349 as against 3196 in  
October, and of mules 1784 compared  
with 4384 during the preceding month.  
There were 150 new brand applica-  
tions as against 182 for October. The  
total expenses of the board for Novem-  
ber were \$2,097 as against \$2,-  
201.46 for October.

The shipments for the month were  
about 2,000 less cattle and 1,300 less  
horses than during October, but if  
cattle could have been furnished the  
shipments would undoubtedly have  
been far beyond the number reported.  
The heaviest shipments for the month  
as reported by inspectors were as fol-  
lows: Inspector Johnson, Denning, 5,  
712 cattle; Inspector Kennan, Las  
Vegas, 4,284 cattle; Inspector Gray,  
Clayton, 3,671 cattle; Inspector Har-  
dard, Roswell, 2,925; Inspector Mc-  
Gould, Tucuman, 1,618; Inspector  
Stone, Portales, 1,368.

The horse shipments for the month  
were light. Inspector Kennan inspec-  
ted 954 head in his district and In-  
spector Tatham at Carrizosa 284 head.

Inspector Tucker at Socorro resign-  
ed suddenly on December 1st, and  
owing to the immediate demand for a  
successor, to make inspections, In-  
spector Lew Gatlin, who has for the  
past few months been doing field  
work for the health service at Magda-  
lena, was directed to proceed to So-  
corro and take up Tucker's work.  
This he did subject to the future ap-  
proval of the board.

L. O. Carmichael was then appoin-  
ed on a strong petition to take Ga-  
tlin's place. Mr. Carmichael is to re-  
ceive \$3 a week, and his salary, a bal-  
ance of \$40 a month to be paid him  
by the cattleman of the country  
about Magdalena.

The calf stealing cases of the board  
against Mayberry and others came up  
at the December term of court at So-  
corro and Mayberry and the others  
have already been indicted by the  
grand jury. "Inasmuch as the at-  
torneys for the defense propose to at-  
tack the legality of the calf law  
passed by the last legislature," says  
Mr. Barnes in his report, "I deemed  
it wise to have the best attorney  
at the trials, which I have arranged  
with C. A. Sprays, who will see that  
the board is fully represented and  
protected."

Owing to the delicate condition of  
the pass question Inspector Simpson,  
who succeeded Mr. Gray, has been di-  
rected to take station at Clayton in-  
stead of Pueblo. Over three-fourths  
of the shipments from the district are  
made from Clayton and if the board  
has to pay for the men after Janu-  
ary first, it was considered advisa-  
ble to locate him there rather than  
at Pueblo.

Reports from all over the coun-  
try indicate that the late storms were  
very severe on all kinds of live  
stock," states the secretary. "The  
cattle have fallen off in flesh  
very heavily during the last three  
weeks. And it seems to be the gen-
